SYMBIUS MEDICAL PROVIDES CUSTOMERS WITH MEDICAL SUPPLIES AND PRODUCT EDUCATION NATIONWIDE

PHOENIX, AZ ó Symbius Medical provides a full range of home medical supplies and product education to their customers nationwide specializing in Urological, Respiratory/DME, Custom Rehab/Power Mobility and Nutritional Services.

At Symbius Medical they are dedicated to improving the quality of life for their customers by providing exceptional service, education and compassionate care for the communities they serve.

Symbius Medical can provide any necessary medical equipment and clinical expertise to customers in need of medical supplies and have them delivered directly to their home either by a nationwide carrier or a Symbius Technician. Their staff has a great deal of experience in healthcare, care giving and meeting the needs of its home medical equipment customers.

Symbius Medical offers a 24-hour on-call service that will answer any questions or concerns that users may have when using a product. This service prevents the need for users to consult their physicians for basic questions or concerns about the equipment after hours.

Physicians can put their trust in Symbius Medical to ensure that their patients will be compliant with the products they have been prescribed and understand how to use them every day.

õWe are heavily focused on education and service with our customers, as opposed to just delivering products to their home,ö said Dwight Knox, President of Symbius Medical. õBy focusing on each customer, we can ensure they get the most from the products they are using to achieve the best end result.ö

At Symbius Medical we offer a variety of urological and respiratory products, hospital beds, wheelchairs, bath safety items, among many other things, Symbius Medical has three operating facilities, one in Arizona, California, and Utah, but serve customers nationwide.
